ALEKSANDR KHOZHAINOV

FRONTEND DEVELOPER

» SUMMARY

I have experience in a startup (7 months) as an HTML coder and JS developer (worked in the office).

I had full-time development education in Mate Academy for 4 months.

2 higher educations.

Several years of work at sea within international English-speaking crews, and 4 years of work as a 3rd mate (it's like assistant of captain).

Now I'm Software Developer working with JavaScript, Typescript, React and I open to learn other libraries and frameworks Vue / Angular / React Native.
